

Dear FCC:As an XM radio subscriber, I find the local content of traffic & weather to be very valuable. I listen to it often for various cities that I frequent. I am paying for this service and want to continue to receive this and ALL other XM services.

I urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I find beneficial. XM should be commended for their services, not attacked.

NAB should be ashamed of attacking XM services thay offer to their paying customers.

Robert Riegger
